

DATE TEHNICE

MILANO

Colțar Milano

Milano este un produs versatil datorită modularității sale. Prin combinarea diferitelor module se pot obține canapele sau colțare cu lungimi multiple de 55 cm.

Structura sa este din lemn masiv de fag, plăci din aşchii şi fibre de lemn. Confortul este asigurat de şezutul din poliuretan de densitate medie şi pernele de spătar din puf siliconat.

Extensia are o structură metalică şi lamele elastice de fag combinate cu folie de polipropilenă şi o saltea de poliuretan de 6 cm.
